

# 100 Books Before Graduation

Introducing 100 Books Before Graduation, a new program that encourages teens in grades 7-12 to read more of the books you have to read, earning prizes along the way!

You can read—or listen to—anything you want! (School assignments count too.)

Participation is easy. Sign up online with Beanstack or visit your local TMCPL library to sign up. You can also print your Reading Log at home (add link). To track your books online, log in to your Beanstack account and click the “Log Reading” button to begin tracking your progress. If you prefer to log your books offline, download the free Beanstack Tracker app for iOS or Android.

Prizes will be given for every 25 books read. Simply log your books in [Beanstack](#) or come in to your local TMCPL branch (or bookmobile) to receive your prize. You have until June 1st to reach 100 different books.
